**LOGIC DEVICES ANNOUNCES APPROVAL TO TRANSFER
TO THE NASDAQ CAPITAL MARKET**

Sunnyvale, Calif. (January 13, 2006) – LOGIC Devices Incorporated (Nasdaq: LOGC) today announced that The Nasdaq Stock Market has approved its application to transfer the listing of its common stock from the Nasdaq National Market to the Nasdaq Capital Market. The transfer is expected to be effective at the open of business on Tuesday, January 17, 2006. LOGIC Devices' common stock will continue to trade under the symbol, "LOGC," after the transfer is completed.

The Nasdaq Stock Market operates both the Nasdaq National Market and the Nasdaq Capital Market, which both have similar listing standards with respect to corporate governance. The Nasdaq National Market generally contains stocks issued by larger-sized companies, while the Nasdaq Capital Market generally contains stocks issued by smaller-sized companies. LOGIC Devices had been the smallest company listed on the Nasdaq National Market and more closely resembles in size the companies on the Nasdaq Capital Market.

“Safe Harbor” Statement under the Private Securities Litigation Reform Act of 1995: Any statements in this press release regarding expectations of future events are “forward-looking statements” involving risks and uncertainties, including, but not limited to, market acceptance risks, the effect of economic conditions and shifts in supply and demand, the impact of competitive products and pricing, product development, commercialization and technological difficulties, availability of capital, and capacity and supply constraints. Please refer to the Management Discussion and Analysis of Financial Condition and Results of Operations (MD&A) for a discussion of risks in the most recent LOGIC Devices Annual Report on Form 10-K and the quarterly report under Form 10-Q.

LOGIC Devices is a fabless semiconductor manufacturer focused on developing high performance digital integrated circuits for applications requiring high-density embedded memory, high speed and low power consumption. LOGIC's product solutions meet the requirements of leading broadcast video, medical imaging, surveillance, instrumentation, and telecommunications companies. More information about LOGIC Devices is available at www.logicdevices.com.
