**DUTTON ASSOCIATES RELEASES
INITIAL REPORT ON LOGIC DEVICES**

Sunnyvale, Calif. (June 5, 2008) - LOGIC Devices Incorporated (Nasdaq: LOGC) is pleased to report that Dutton Associates has released its initial opinion on the Company. The report is available at www.jmdutton.com, as well as from First Call, Bloomberg Professional, Zacks, Reuters, Knobias, and other leading financial portals.

“As we gear up for future growth, we are pleased to receive some analyst coverage to increase the Company’s presence in the investment community,” stated Bill Volz, president of LOGIC Devices. “We are happy to have Dutton Associates providing an independent view of the Company and hope current and potential investors find their insight useful.”

LOGIC Devices is a fabless semiconductor manufacturer focused on developing high performance digital integrated circuits for applications requiring high-density embedded memory, high speed and low power consumption. LOGIC's product solutions meet the requirements of leading broadcast video, medical imaging, surveillance, instrumentation, and telecommunications companies. More information about LOGIC Devices is available at www.logicdevices.com.
